Mary Ann Borgeson, Chair  
Douglas County Board  
1819 Farnam LC2  
Civic Center  
Omaha NE 68183

Dear Madam Chair:

As a resident and business constituent from your District, I want to say **thank you** for continuing to support the consulting contract of Contractors Development Services (CDS), which helps small contractors like me provide high quality services to the County at competitive prices.

The service CDS provides is critical in helping to knock down barriers confronting small businesses like mine. Attached is the short testimonial presentation slide of how they helped me secure a contract under your bond project and how the County benefited from my business and the work of CDS.

Again, thank you and the other Board members, for keeping this valuable service going.

Sincerely,

Matt Timmerman  
President

Enc.
