ASSESSMENT (Risk/Needs and BH)	1132	1000	244	238

The Douglas County Juvenile Assessment Center (JAC) provides the cornerstone of evidence-based practices for juvenile justice youth service: screening and assessment. The JAC serves as the focal point for comprehensive assessment for youth coming to the attention of the Douglas County Attorney's Office (DCAO). The JAC provides to the DCAO recommendations for the most efficient and effective interventions and supervision levels for each youth.

The JAC strives to divert all eligible youth from formal processing, while recommending interventions to prevent further law violations, and enhance productive growth of young citizens. The JAC utilizes evidence-based principles such as the risk/need principle by making targeted referrals, based on screening and assessment, and referring to service providers in the community utilizing evidence-based principles, as well as monitoring utilization and effectiveness of each of these services.

DCAO is statutorily responsible for all charging decisions, to include assessment referrals and diversion approvals.
